

## A sneak-peek into your journey

66 I joined Vivriti Capital back in July 2021 and we were a 3 to 4 member HR team at that point. Prior to joining Vivriti, I had worked at Zebronics and Thangam Corporate - two very different industries in comparison to what we do! Hence, my journey has been nothing short of a learning experience and looking back, I know I have grown with the company. At Vivriti, I have the opportunity to not just enhance my expertise but also develop new skills and step out of my comfort zone. We are now a 12-member team that was built from scratch and have been on a journey of professional growth since day one.

Aswathi Thaiyullathil Senior Specialist – HR Operations

Why is Vivriti the place to be at and what sets us apart?

Vivriti Group offers only the best for their employees and the management is invested in their well-being. We are one of the few organizations to offer life, medical and accident insurance, along with other benefits such as higher education assistance, salary advances, relocation expenses, interest-free loans, car lease and much more! As a HR professional, I have not seen any other organization go above and beyond to ensure that their employees' future at Vivriti is secured. We have employees coming from different backgrounds, cities and across age groups just to be part of the Vivriti experience.

## Why must one join Vivriti?

The scope of work at this organization is completely different than anything I have seen before. There are immense opportunities to grow and learn. Everyone around you will help, support, and guide you. The senior leadership team here will empower and trust you in everything that you do – no doubts and no questions asked! This is the wonderful culture at Vivriti, and I consider myself fortunate to be part of the organization.
